

SELF RETRACTING 10M TYPE 3 LOQ-BLOQ with RETRIEVAL FUNCTION

DESCRIPTION

Self Retracting 10M Type 3 Loq-Bloq with Retrieval Function

Part Code: **IRSR10R**

Engineered for extreme workplace situations, the SRL has been developed to be durable and efficient. It extends and retracts automatically, allowing the user to operate within the recommended work area permitted by the AS/NZS Standard. The lifeline maintains tension which clears the work zone of any loose and dangerous excess wire. In the event of a fall, a brake activates, arresting the fall and reducing the impact of the fall. The “Dual Mode“ locking pin and handle allow for easy activation on the job, removing the hassle and frustration.
